ABOUT US

We are driven by a vision to become the leading producer of sustainable plastic products in the middle east in terms of production volume. our mission is to simplify people's lives by manufacturing and distributing high demand plastic products that cater to everyday needs.

Shalimar Plastic Industries, Umm Al Quwain is the first ever plastic manufacturing division coming under Talal Group International, Dubai since 1983.

Molded with quality raw materials, plastic products of ours gained popularity among the buyers. We are more focused on daily use plastic products that makes life easier.

We are packed with young qualified professionals who hear the demands & supplies the best. We are committed to the well being of nature and so invests much on the protection of the same. All our products are eco-friendly. They can be recycled & reused.

Our Mission

To make life easier by producing and distributing high demand plastic products that are of everyday applications.

Our Vision

To be the largest producer of sustainable plastic products in Middle East in terms of tons.

WE DO IT WITH PASSION!

ECO DESIGN

At Shalimar Plastic Industries, we are committed to innovation and sustainability in the plastic manufacturing industry. With years of experience, we specialize in producing high-quality plastic products that meet the needs of our customers while contributing to environmental protection. Our eco-friendly approach focuses on minimizing waste and utilizing sustainable materials to ensure that our manufacturing processes are as green as possible.

We prioritize eco-designing in the development of our plastic products. This means we not only aim to reduce the environmental impact of production but also design our products to be more recyclable and reusable. From reducing plastic waste through advanced recycling techniques to using biodegradable and sustainable materials, we are continuously enhancing our product lineup to align with environmental goals.

Our eco-designed products are tailored to meet the highest industry standards while promoting responsible consumption. With a focus on efficiency, durability, & sustainability, Shalimar Plastic Industries is proud to lead the way in creating plastic products that not only serve practical purposes but also protect the planet
